## EDUCATION

---

### Ganpat University

Bachelor of Science in Information & Technology

CGPA 8.5/10

### Schooling(12th science)

Hiramanek rajpurvala kanya vidhyalay ,Kalol

(2020)

## EXPERIENCE

---

### *Full Stack Developer – Ker Infotech*

*(April 2025 – Present)*

- Developing and maintaining scalable web applications using **React.js**, **Node.js**, **Express.js**, and **MySQL**.
- Leading feature development, handling **API integrations**, and managing user authentication and session handling.
- Collaborating with UI/UX designers and backend engineers to deliver seamless user experiences.

### *Full Stack Intern – Ker Infotech*

*(January 2025 – April 2025)*

- Developed and maintained full-stack web applications using **React.js**, **Node.js**, **Express.js**, and **MySQL**.
- Built responsive UIs, designed RESTful APIs, and optimized database queries.
- Gained hands-on experience in **backend development**, **authentication**, and **API integration** following industry best practices.

## PROJECTS

---

### Short URL Service (Node.js, Express.js, MongoDB):

- Developed a URL shortening service that converts long URLs into compact, easily shareable links.
- Implemented features included: Backend: Created RESTful APIs using Node.js and Express to handle URL shortening, redirection, and analytics.
- Database: Utilized MongoDB for efficient storage of URL mappings and usage statistics.
- Validation: Incorporated URL validation and error handling for robustness.
- This project enhanced my skills in backend development, database integration, and building scalable web applications

### E-commerce Informative Website for Xerox Machines :

- Developed a comprehensive e-commerce informative website focused on Xerox machines using HTML and CSS.
- Designed a user-friendly interface that includes product listings, detailed descriptions, and images to provide an engaging user experience.
- Implemented responsive design principles to ensure compatibility across various devices and screen sizes.
- Integrated key sections such as product categories, specifications, pricing information, and contact details. Optimized web pages for SEO to enhance visibility in search engine results.

## TECHNICAL SKILLS

---

- **Frontend Technologies:** HTML, CSS , JavaScript , React.js , Next.js
- **Backend Technologies:** Node.js, Express.js
- **Databases:** MySQL , MongoDB , PostgreSql
